69400 MINI TWIN TURBO REFRIGERANT RECOVERY MACHINE

**APPROVED FOR ALL
AIR CONDITIONING REFRIGERANTS
INCLUDING A2L AND A3
FLAMMABLE REFRIGERANTS**

SPECIFICATIONS:

- Voltage:
115 V / 60 Hz
- Compressor Power:
½ HP dual piston oil-less compressor
- Operating Temperature:
32 to 122°F (0 to 50°C)
- Material:
High-Density Polyethylene (HDPE) hard plastic case
- Compatible Refrigerants:
All CFCs, HCFCs, HFCs and A2L and A3 flammable refrigerants
- Weight:
24 lbs (11 kg)
- Dimensions:
11.8" L x 7.9" W x 10.6" H
(300 mm x 200 mm x 270 mm)

Reliable Performance, High Recovery Speeds, Compact Footprint

Mastercool's 69400 Mini Twin Refrigerant Recovery Machine is designed for professionals who need a compact, portable, and efficient recovery solution. This machine has been constructed with the safest spark-free components to ensure safe operation even when dealing with combustible gases, including A2L and A3 flammable refrigerants.

Powered by a ½ HP oil-less compressor, this system delivers reliable performance in recovering refrigerants in tough environments. This unit is encased in a durable, reinforced plastic shell and built to be compact and lightweight making it easy to transport between jobs and perform in various conditions. Whether you find yourself up a ladder, in a crawl space or just not looking forward to lugging around a heavy piece of equipment, this is the right machine for you.

The 69400 Mini Twin Turbo Refrigerant Recovery Machine is designed to prioritize user-friendly operation, it is an essential tool for HVAC and automotive professionals seeking an efficient, versatile, and safe refrigerant recovery system.

FEATURES:

- ENGINEERED FOR ALL REFRIGERANTS INCLUDING COMBUSTIBLE GASES providing flexibility for a wide range of applications
- SPARK-FREE COMPONENTS ensure safe use when recovering combustible gases including A2L and A3 flammable refrigerants (R410a, R1234yf)
- DUAL PISTON ½ HP OIL-LESS COMPRESSOR for reliable recovery performance in demanding conditions
- COMPACT AND LIGHTWEIGHT DESIGN is easy to transport making it the perfect tool for mobile technicians and workshops
- DURABLE AND ERGONOMIC with a high-density polyethylene (HDPE) case featuring ergonomic control placement for ease of use and efficient operation
